

Dear friends of "Modern Electrochemical Methods" – "Jetřichovice",

We are in the fourth decade of the annual conference "Modern Electrochemical Methods", which has during the time developed into an international event. We are pleased to invite you to the traditional spring meeting, held – as usually - at Hotel Bellevue (conference venue, accommodation, and meals), Jetřichovice near Děčín, Czech Republic. The conference is organized in scientific cooperation with the J. Heyrovsky Institute of Physical Chemistry of the Czech Academy of Sciences, Prague, with the Institute of Biophysics of the Czech Academy of Sciences, Brno, with the UNESCO Laboratory of Environmental Electrochemistry, Department of Analytical Chemistry, Faculty of Science, Charles University, Prague, and with the Working Group of the Analytical Chemistry of the Czech Chemical Society. This year, the conference belongs among the ISE sponsored meetings. The conference is also sponsored (among others) by Metrohm, Czech Republic, and ChemPubSoc Europe.

MODERN ELECTROCHEMICAL METHODS

May 20th - May 24th, 2019
Jetřichovice near Děčín
Czech Republic

We have succeeded in indexing the Proceedings of the conference in the database Web of Science - Conference Proceedings Citation Index (Thomson Reuters) since 2010. We would like to implement the indexing of our Proceedings from this year in the same database again. We are therefore asking you to follow strictly the instructions for authors - text, table, picture, citation formatting, etc. (according to the attached template). The length of the contribution has to be minimally 3, maximally 5 pages. Contributions must be ready to print (doc or docx format); submitted contributions not following editorial rules may be excluded from publication.

RECEIPT OF PAYMENT IS TO BE SUBMITTED BY REGISTRATION!

One conference fee includes presentation of one contribution in the Proceedings. The presentation of any additional contribution will be extra charged (independently of author's personal presence).

Contributions for conference proceedings must be submitted till March 31th, 2019 electronically to navratil@jh-inst.cas.cz

The **application form** available: <http://www.bestservis.eu/en/upcoming>
Respect the deadline, please! The contributions submitted later will not be included in the Proceedings. The conference proceedings will be published with ISBN, and published on the Internet.

We negotiate the possibility of publishing a special issue of an impacted journal devoted to this conference, in which extended forms of the best contributions could be included. This may require payment of a fee, which is supposed not to exceed 220 €. If you are interested in taking this opportunity, please, make a notice in your application form.

Applications for passive or active participation (together with title of the contribution) must be sent to the organizer till March 31th, 2019.

AVAILABLE PRESENTATION TECHNIQUE

Data projector, notebook with OS Win 7, MS PowerPoint, and USB 2.0. The presentations can be uploaded from USB flash disc. Only oral contributions (in Czech, Slovak, or English) are expected.

We are planning a trip and a campfire (when the weather allows).

CONFERENCE FEE

Conference fee includes proceedings, boarding, accommodation and meals

Total 220 €
