The 41<sup>st</sup> international conference „Modern Electrochemical Methods“ (MEM) will take place from **May 22 to May 26, 2022**, at the Hotel Bellevue in Jetřichovice u Děčina.

Although less than half a year has passed since the last MEM conference, we are sure that your presentations will contribute to the traditional high professional level of the conference, we hope that we will have enough space for discussions and we believe that you will keep your favor with us.

The conference is organized in scientific cooperation with the J. Heyrovský Institute of Physical Chemistry of the Czech Academy of Sciences, Prague, with the Institute of Biophysics of the Czech Academy of Sciences, Brno, the Department of Analytical Chemistry, Faculty of Science, Charles University, Prague, and with the Czech Chemical Society.
